PRESIDENT'S MESSAGE

This is my first message as President of the Coon Valley Conservation Club. First off, I would like to thank everyone who showed up on July 14th for the work day. The cutting of the locust has begun, and from what I see this will be a very time consuming project, as will the thinning of our clear cut along with the thinning of the scotch pine. We will be having more work days in the near future to accomplish these projects. One of my hopes for our club is to address and complete any old business that has been let go by the wayside and, at the same time continue with ongoing events, ie: spring/fall fundraisers, bow shoots, muzzle-loader shoots,

(Continued on page 2)

A huge **THANK YOU** is passed along with these photos. The Coon Valley Conservation Club proved a tremendous partner in our attempt to bring archery into the Westby Summer School program. The club grounds, targets, and lunch delighted the students while your club's benevolent nature completed a wonderful experience. Thank you for welcoming new archers into your company.

Sincerely,

Kevin Sherry & Bruce Peterson

raising trout, and our upcoming ChickenQ, as well as any new projects that any mem-
ber would like to bring to our attention at our monthly meetings. (these meetings are
held the last Thursday of every month at 7:30 p.m.). As you all can see, we have a lot
of things going on at the Club. I realize we all have a lot going on in our day to day
lives, but if you can find the time to help on any events or projects I encourage you to
volunteer. Also, if you want to know what your club is doing and when, please attend
our monthly meetings. I look forward to seeing you at our July 26th monthly meeting,
our August 9th Golf Outing, and our August 12th ChickenQ.

CVCC HISTORY DVD PROJECT

Plans are underway to produce "History of the Coon Valley Conservation Club" DVD

Video. We are looking for any historical item that could be used for this project. We are specifically looking for photos, home movies, newspaper clippings, and funny stories. All items will be handled with care, copied, and the originals returned. The DVD will be offered for sale to our club members as well as distributed to local libraries. This is an exciting project which will tell the story of our club for future generations of club members. Keep checking back here for progress of this project.
